SUPREME COURT.

Judgment was handed down in the Supreme court this morning by Mr. Justice Beek, in the case of McEachern vs. Smith, in which a declaration was sought that a transfer of the Alberta hotel property, Vermilion, made by the plaintiff to the Western Trading Co., of which Smith is a liquidator, was, although absolute in form, made upon certain trusts. His lordship granted a declaration that the transfer was by way of security for the payment of an amount owing in respect to a mortgage, and granted the plaintiff costs against the defendant Smith.

The declaration was sought on a transfer dated February 8, 1909, made by the plaintiff to the company named McEachern. At the date of the transfer there was a mortgage upon it made by the plaintiff to the company named McEachern, for \$8,379.23, and a mortgage made by the plaintiff to W. F. Hetherford, dated April 1908, for \$1,000. At that time the plaintiff was indebted to various persons in considerable sums and amounting to \$1,000. At that time the plaintiff was indebted to various persons in considerable sums and amounting to \$1,000. At that time the plaintiff was indebted to various persons in considerable sums and amounting to \$1,000.

The Grand Trunk Pacific Railway Co.'s agent applied for a declaration of property on first street, for local improvement purposes will come up for hearing on March 18. The company claim that under their agreement with the city they are not liable for the local improvement tax in respect to payment and sidewalk past the railway property.

The cases to be heard at the March sittings of the Supreme court will come up in the following order:

Tuesday, Mar. 7, McEachern vs. Potter.

Wednesday, March 8, Parr vs. Wickham.

Thursday, March 9, Robinson vs. Stevens.

For the Stomach

HERE'S AN OFFER YOU SHOULD NOT OVERLOOK.

Reflux Dyspepsia Tablets remedy stomach troubles by supplying the element, the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Reflux Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and indigestion will not bother you.

We know what Reflux Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia. If they fail we will refund your money. Three sizes: 25 cents, 50 cents and \$1.00. Remember you can obtain Reflux Remedies only at—The Reflux Store, A. Archibald.

SOUTHERN TRADE CONGRESS BEGINS

Is Trying to Impress Upon States in South Need for Industrial Development.

Atlanta, Ga., March 8.—One of the most notable gatherings ever assembled in the history of this country in the interest of commercial development was called to order here today when the Southern Commercial Congress met for its third annual session. The congress, which was organized in Washington a little over two years ago, is endeavoring to impress upon the various states of the south the necessity of a comprehensive policy for commercial and industrial development, and at the same time sweep out of the mind of the world all elements of misunderstanding regarding the south, its prospects, its people, its climate, its resources.

Senators, representatives, diplomats, captains of finance, educators, governors of many states and others high in official life were present at the opening. To this list there will be added at the later sessions of the congress the president and a former president of the United States, in the persons of William H. Taft and Theodore Roosevelt, both of whom are to deliver addresses.

The government is represented on the three days' programme by Secretary of Agriculture Wilson, Senator Duncan I. Fletcher of Florida; John Barrett, director of the International Bureau of American Republics; Victor H. Orskov, statistician of the Department of Agriculture; T. V. Powderly, of the Bureau of Immigration and Naturalization; J. M. Dickinson, Secretary of War; and J. A. Holmes, director of the Bureau of Mines, Department of the Interior.

The states of the South are represented by their chief executives and the conferences appointed by them. The industries are represented by General Washington Pittsford, of the National Lumber Manufacturers' Association; John H. Kirby, of Houston, Texas; J. B. Duke, of the South Carolina tobacco industry; C. P. Wallbridge of St. Louis, and Leland Hume, general manager of the Cumberland Telephone and Telegraph Company.

Representing the world of finance are George W. Perkins of New York, Arthur Kavanagh, cashier of the National City Bank of New York; Arthur M. Harris, of Harris, Forbes & Co., New York; B. W. Griffiths, president of the National Loan and Exchange Bank of Columbia; and Col. S. W. Fordyce, a prominent capitalist of Hot Springs.

The representatives of Southern commercial and trade organizations include Bernard N. Baker, president of the Shipping League of Baltimore; M. B. Trecevant, president of the Southern Commercial Secretaries' Association; Henry E. Hardtner, president of the Louisiana Conservation Commission; Albert T. Bush, president of the Chamber of Commerce of Mobile, and Col. L. D. Tyson, of Knoxville.

The educational world is represented on the programme by E. E. Brown, United States Commissioner of Education and Chancellor Houston of Washington University. The specialty invited guests include Jean J. Janssard, the French ambassador at Washington; Charles H. Sherrill, the United States minister to Argentina; Governor Woodrow Wilson, of New Jersey; former United States Senator James Gordon of Mississippi; William G. McAdoo, president of the Hudson River Tube system; Dr. Clarence J. Owens, commander-in-chief of the United States of Confederate Veterans, and John Temple Graves of New York.

Today's forenoon meeting was given over largely to welcoming the guests and organization. President John M. Packer, of New Orleans called the gathering to order. Governor Joseph M. Brown welcomed the visitors to the state and expressed Georgia's warm interest in the congress and its work. A response for the visitors was made by Gen. Julian S. Carr, of Durham, S. C. Charles H. Davis, of Pittsburgh, Va., chairman of the executive committee, then delivered an address, describing what had been done by the congress during the past year. The session closed with brief addresses by Asa G. Chandler of Atlanta and Senator Fletcher, of Florida.

Addresses by Secretary of Agriculture Wilson and George W. Perkins, the New York financier, were leading features of the programme at the afternoon session. Secretary Wilson spoke on "The Agricultural Obligations of the South," and Mr. Perkins took for his subject, "Business Efficiency in Southern Progress." Colonel Roosevelt is scheduled to deliver the address tomorrow and President Taft will be heard from the following day.

AVIATORS WINS

Clermont Ferrand, France, March 8.—Aviator Benjamen, flying from St. Cloud today landed on the summit of Puy de Dome at 2.20 o'clock, winning the special Michelin prize of \$20,000.

TATF'S SOUTHERN TRIP

Washington, D. C., March 8.—President Taft, accompanied by several members of his cabinet, is off tonight for his visit to the south. The president has been anticipating his trip with more than ordinary pleasure for it will be the first vacation he has had since the late congress began the real work of the session in the early part of the winter. The objective point of the trip is Atlanta, where the president is to deliver an address before the Southern Commercial Congress. Unless official business makes it necessary for him to return to Washington, the President will probably extend his vacation over a week or ten days. In this event he will visit Augusta, where he has spent many enjoyable holidays in the past, an dmay also visit several other cities of the south.

DYSPEPSIA Can Be Cured.

This disease is the all prevailing malady of civilized life, and one which defies all ordinary treatment. It gives rise to a great variety of distressing symptoms, such as distress after eating, rising and sitting of food, wind in the stomach, heartburn, etc.

Nearly everything that enters a weak dyspeptic stomach acts as an irritant; hence the great difficulty of effecting a cure.

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.

B.B.B. regulates the stomach, liver and bowels, stimulates secretion of the saliva and gastric juice to facilitate digestion, purifies the blood, and tones up the entire system.

Mrs. Herman Dickens, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that for medicines can give such relief in dyspepsia and stomach troubles. I was troubled for a number of years with dyspepsia, and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured, and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach troubles."

Manufactured only by T. M. Milburn Co., Limited, Toronto, Ont.

LETHBRIDGE FIRE CHIEF DEAD.
Lethbridge, March 8.—Thomas Kilkeny, chief of fire department, died early this morning after a short illness of bronchial pneumonia. He was formerly fire chief of Portage la Prairie and member of the Winnipeg fire brigade. He was married and was very popular and an efficient chief.

NO INVASION OF AUSTRALIA

Chicago Packers Have Not Any Intention of Entering Market of Antipodes

Chicago, Ill., Mar. 7.—Chicago packers to-day denied they have ever contemplated an invasion of Australia and term as foolish the action of the Australian Government in "refusing to harbor foreign monopolies."

"The Armour Co. has never done business in Australia," said General Manager Arthur Meeker, of Armour and Company. "Nor had such a move been contemplated. The action of the Colonial Government, therefore, will not affect us one way or the other."

"Morris and Company have never opened Australian branches," said President Edward Morris, "and had not planned to open any. I do not know that the pronouncement of Minister Fisher has any significance to Chicago firms."

Other packing companies made similar denial of designs upon the Australian market. Australian and English companies handle the business there and have filled the field, the Chicago packers declare.

JAMES G. BLAINE WEDS

Boston, Mass., Mar. 9.—James G. Blaine, 3rd grandson of the late Hon. James G. Blaine, of Maine, was married to-day to Miss Marion Dow, daughter of Richard S. Dow, a prominent Boston lawyer. The wedding took place at the home of the bride's parents and was a quiet one in view of the recent death of the bridegroom's mother, Mrs. William T. Bull of Newport. Mr. Blaine has recently completed his course at Harvard University. On Saturday he and his bride will sail from New York for a tour of six months through Europe.

SWEDISH-AMERICAN REPUBLICANS

Bloomington, Ill., Mar. 9.—In celebration of John Ericsson day, the members of the Swedish-American Republican League of Illinois rounded up in this city to-day for their annual convention. The league is an important factor in Illinois politics and its annual gatherings never fail to attract many leaders of the Republican party from every part of the State. More than six hundred were in attendance when the gathering was called to order this morning. The initial session was devoted largely to routine business. Most interest centered in the annual banquet to-night, which has as speakers Governor Denon of Illinois, Governor Eberhart of Minnesota, Congressman John A. Sterling, President Theodore Roosevelt of Illinois Wesleyan University, and President Gustav Andren of Augusta College.

EXPERT ENGINEER TO BE EMPLOYED BY COUNCIL

COMMISSIONERS WILL NOT BE ALLOWED TO PURCHASE MACHINERY FOR CITY IN FUTURE—WATER RATES MAY BE REDUCED THIS YEAR—ALL TENDERS FOR MACHINERY WILL BE PASSED ON BY EXPERT BEFORE THE COUNCIL WILL LET CONTRACTS. LIBRARY QUESTION DISCUSSED—SHORT SESSION.

Authorization of the expenditure of a large sum of money in connection with civic work will not be given by the council, until they have satisfied themselves, on the advice of an expert engineer, that such contracts will be entered into. At the regular session last evening it was decided that to contracts for machinery be passed until the tenders have been referred to a specially trained engineer for advice. The council's power over the purse will be exercised to determine that no such expenditures are otherwise approved. The meeting last evening was one of the shortest that the council of 1911 has known. At 9:30 the business of the session was completed, and the adjournment carried. With the solitary exception of Ald. Hyndman, who had given notice of his intention to introduce a motion looking to an amendment of the charter, to provide that no man should sit upon the council who is connected with firms seeking business with the corporation, there were no absentee members. Com. Boulton, for the first time since the difficulties between himself and the council arose, was also absent from the meeting.

That until civic matters assume their normal character, no contracts of any magnitude be entered into by the city, was urged by Ald. Melnics. The alderman thought it a serious matter for the city to enter into contracts involving \$200,000 or more at a time when they are lacking in expert advice, the present superintendent of the power plant had not secured a first-class engineer's certificate, and until satisfaction were given as to the qualifications, it would be unwise to act in accordance with his views in regard to installations of machinery. Ald. Melnics suggested that an expert engineer be secured to give advice as to the installation of all new machinery. Mayor Armstrong declared that he would sign no contract until he was satisfied that it had been entered into on the best expert advice.

Should Employ Engineer. "In future a competent engineer should go over all these matters for us," said Ald. Lundy. "There will be a communication to hand along these lines in a few days."

Ald. Melnics declared. He said that he would not be satisfied to recommend to the ratifiers the passage of any by-law on the strength of the advice of the present authority on engineering matters. He mentioned Mr. Van Tassel as one of the men whose names had been brought before him as a competent engineer. A Mr. Maxwell had also been mentioned.

It was Ald. McKimley's view that the present commission board were quite competent to handle any tenders which might be brought up. After further discussion a motion was passed to the effect that no contracts for machinery be passed until they have been referred to an engineer to be appointed by the council.

Ald. McKimley was the only dissentient vote.

Reduce Water Rates. Reduction of water rates in 1912 as the result of the adoption of a frontage tax in respect to property which water and sewer mains are laid, was forecasted by Ald. Melnics. This year he thought that the frontage tax would wipe out the deficit of the department. The intention of the new tax is to relieve the water user from payment for services which increases the value of

property.

Henry D. Whitney, architect, of New York, wrote asking consideration by the city of plans for the Fairview public library. In discussion on this matter Ald. Lundy stated that the late (deceased) government had promised \$25,000 towards the equipment of the library, but the Sifton Cabinet was not to be approached by the library board.

Mr. Whitney's letter was referred to the board.

Rectification of an error in the assessment of W. A. Poole, Fairview, for business tax last year was authorized. School taxes are only to be levied in respect to Fairview property at the present time.

A grant of \$500 was made to the Board of Education for the purpose of giving free water and light will be considered later.

The report of the committee of the whole council, recommending that the question of hydro-electric power be left in abeyance pending receipt of a report from Superintendent Ormsby and Knight and Commissioner Boulton, was adopted.

The Commissioners will enter into negotiations with the Hudson Bay Co. for the purchase of the proposed army site.

The new dog by-law was given a final reading. The by-law will not come into effect for a week's time.

Minutes of the last meeting of the council were read and approved.

At the meeting of the council of 1911, the council will be held on Thursday, March 9, at 8 o'clock.

At the meeting of the council of 1911, the council will be held on Thursday, March 9, at 8 o'clock.

REFERENDUM
THE SUBSTITUTE
FOR THE SENATE

One senator in the United States senate has offered the proper suggestion for senate reform in a resolution to the effect that the senate should abolish itself.

If the senate of Canada and the house of lords of Great Britain would take that attitude the history of the world would be moved along a few cogs without any friction and the cause of democratic government would be that much better off. But there is little chance of such becoming the case.

Nevertheless, whether the appointed bodies eliminate themselves of their own accord as the United States senate has proposed to do, or whether they stay until they are forced into incognescence as the house of lords is staying in Great Britain today, the final outcome is inevitable. The elective bodies will go.

Throughout the entire civilized world there is growing a sentiment against the appointive form of government. Time was when the appointed upper house might have been justified; but today, with the general average of intelligence so high and the referendum and the recall offering a simple and practicable method of placing the veto directly in the hands of the people, the upper house has outlived its usefulness.

Through the newspapers today the electorate learns as thoroughly and as quickly as ever did the senate what the elected house is doing, and with the referendum in sight the elected house is not likely to fly off at any tangent and jam through legislation which would be unpopular with the country at large.

The theory of the upper house as a balance wheel gets a bad blow when it is taken into consideration that in most cases the upper house is of the same political stripe as the house of representatives, and is more than likely to agree with anything the elected body decides to do.

It is only in the case of a complete reversal of public opinion such as was experienced in Great Britain when Lloyd George brought forth his land taxation policy that the appointed house runs counter to the elected house, and in this case, as in all similar cases, the appointed house is not a balance wheel, but a brake.

With the senate abolished and the referendum substituted, the elected house could never pass legislation which was contrary to public opinion, and with the recall it could not fail to pass legislation which the public desired.

IS UNITED STATES
MANIPULATING TO
ANNEX MEXICO?

United States is massing her troops on the Mexican border. The move bears a strange significance at the present moment.

Mexico's president and dictator, Diaz, is nearing the end of his career. His iron rule has sown the seeds of dissension and rebellion and with his hand slackening the seething unrest commences to manifest itself. American filibusters move stealthily with the insurrectionists, as they did in Nicaragua. The border line becomes an arsenal and the border states a recruiting ground. Hundreds of Americans are thrown into prison and the government takes cognizance of the situation with an implied threat that if they are not released at once trouble with United States is certain to follow.

There has never been any doubt in the minds of students of events in these last few years that it was the intention of Washington to some day step in and annex the whole country from the Rio Grande to the Canal. The press reports of the Nicaraguan affair were more plain in the statements that the American filibusters in Nicaragua were agents of the central authority at Washington. Certainly there were plenty of American filibusters in Cuba before the Spanish-American war. It is not beyond the region of possibility that the present situation in Mexico is not without the aid of a hidden though powerful authority in United States.

JUST PARAGRAPHS

If United States undertakes the annexation of Mexico, to which league will the territory be awarded, and who will own the franchise in Acapulco?

Now watch those brave defenders of the city's interests, the Bulletin and the Journal, arise to fight off the franchise hunters who ask for a gas franchise.

With an agricultural population of forty million in United States and all wanting to come to Edmonton, that two million acres ought to fill up fairly rapidly.

The Journal has at last discovered that if it is going to get people to take the paper it will have to give some kind of a bonus—an automobile or a wooden spoon or some such souvenir.

One thousand dollars a front foot on First Street, and paid by Calgary men at that, makes it look as though this little old capital city of Edmonton is not just quite such a hopeless wreck as some of the Calgary papers would make it appear.

Lethbridge arranges to spend \$6,000 on publicity work and then allows itself to be counted out of the Western Canada league. Does Lethbridge really believe that \$6,000 is enough to make the world believe that a town can be a real town without baseball?

As harbingers of spring note the fact that the immigration hall is filling up, the geese are coming north and the surveyors are getting ready to lay out another couple of millions of acres of land which Canada will give away to the first people who have sense enough to know a good thing when they see it.

"THIS DATE IN HISTORY"

March 8.

1665—"The Duke's Laws" promulgated in New York.
1774—Massachusetts assembly passed a bill to suppress the slave trade.
1801—British victorious in the sanguinary conflict with the French at Aboukir, Egypt.

1825—The Protestant Episcopal diocese of Illinois was organized.
1844—Bernadotte, king of Sweden, died and was succeeded by his son Oscar.

1855—Niagara suspension bridge opened.

1858—Beginning of the famous siege of Lucknow.

1864—Gen. Grant was formally presented by the President with his commission as lieutenant-general.

1874—Millard Fillmore, thirteenth President of the U. S., died in Buffalo, N. Y. Born at Summerhill, N. Y., Jan. 7, 1800.

1887—Henry Ward Beecher, famous pulpit orator, died in Brooklyn, born in Litchfield, Conn., June 24, 1803.

"THIS IS MY BIRTHDAY"

James A. Hemenway, who was for many years a prominent figure in Congress, first as representative and later as senator from Indiana, was born in Boonville, Ind., March 8, 1850, and received his education in the common schools.

At the age of sixteen, following the death of his father, young Hemenway went west and spent about three years in Iowa and Kansas. He then returned to his native town and secured employment in a tobacco factory.

While thus engaged he took up the study of law and in 1885 he was admitted to the bar. A year later he was elected prosecuting attorney, though the district was normally Democratic and Mr. Hemenway was a Republican.

In 1891 he made his first fight for Congress and was elected. He continued to serve in the lower house until 1902, when he was elected to the United States senate to succeed Charles W. Fairbanks.

James A. Hemenway's term in the senate expired in 1909.

GERMAN PRINCE IS
ILL WILL APPENDICITIS.

Berlin, March 8.—Prince Adolph, third son of Emperor William is ill with appendicitis and the attack is described as a light one.

WOLGAST TO MEET MOFFARLANE.

Chicago, March 8.—As a result of a conference yesterday, light weight champion Ad. Wolgast and Paddy McFarlane, stockyards light weight champion in a ten round bout before the Firmin club, New York in the latter part of April. According to the agreement, McFarlane must weigh 125 pounds at 7 o'clock on the night of the fight.

The new shapes in stiff or soft hats are here, ready to be tried on at Kelly and Moore's.

BOARD OF TRADE GRANT AGAIN
HELD UP BY TECHNICALITIES

(Continued from page one)

deavored to get the question settled at once and made a motion that the money be paid. He had a statement from the treasurer that the sum would be available with the required time. Aid. Rankin urged that there was no hurry and the matter should be left to the finance men. "I am not in any way opposed to the grant but I want to see it go through in proper order, he made no further mention of his motion of which notice was given last week.

"This is no new thing. It has been hanging fire for a month," declared Aid. Rankin with spirit, "And we should settle it tonight."

"I don't want to see this thing forced through in a hurry, such as has been the case all along," retorted Aid. Rankin. "I see no reason for having continued to carry over the matter but it has got to be a fight over it the sooner it comes the better."

Chairman Pollard of the finance committee, whose empty chair some time back occasioned much of the delay and strife on the question, seemed strongly inclined to have an opportunity to bring in a report.

Ald. Lounghlin moved in amendment to the motion that the matter be left in the hands of the finance committee for a report at the next regular meeting of the council. This carried by a vote of four to three, Aid. Rankin, Lounghlin, Pollard and Vogel registering for, and Aid. Tipton, Galt and Hafford going against.

A report from the industrial committee presented by chairman Calder recommending certain concessions to the Whitworth Biscuit and Confectionery Co., was adopted after lengthy discussion in committee of the whole. These concessions are, a grant of a free site for the factory, consisting of three lots on the municipally controlled manufacturing property south of the railway yards, a fixed assessment for the term of five years, minimum rates on water and light, the deed of the land granted being withheld by the city until the building and operation conditions are carried out by the company. While there was no actual opposition to the committee's report the subject was thoroughly threshed out in committee of the whole. Mayor Davies and Ald. Calder and Tipton all strongly urged for these concessions being granted providing the company's conditions are fulfilled. The report was adopted unanimously.

Free Lodgers Accommodated.
The installation of three new cells

in the police station are authorized on the adoption of a report submitted by chairman Lounghlin of the police committee. These additional cells will enable the city to keep imprisoned prisoners while they work out their sentence in municipal departments.

Water and sewer committee reported progress in regard to the leasing of the old fire hall for the purpose of an automobile garage.

For the public works Aid. Rankin announced that Mr. Rutherford made arrangements some time ago for the opening of Whyte avenue through his property across Mill Creek and the plans of the sub-division are now registered.

At Dr. Terry's request the question of securing control of Eighth avenue west was left until after the meeting of the University senate in the near future.

Horticultural Society Grant.

The tabular application of the Horticultural Society for a grant submitted at last meeting was taken up and upon the recommendation of Ald. Pollard a grant of \$50 was authorized.

Marlin appeared before the council to submit plans for a further subdivision of the Marlin estate in the southern part of the city. There is an irregularity in the survey there similar to the one in Parkdale.

Ald. Calder gave notice of a motion to amend the consideration of plans for the erection of a new hospital with a view of having construction start on the building as early as possible this spring.

Applications for water and sewer on Thirtieth avenue south from Thirtieth to Fourth streets west, and for a 6-foot plank walk on Sixth avenue north in the east end across Mill Creek were received.

An Automatic Ruling.

The new ruling by which railroads are referred automatically to the respective committees was in effect and did away with much motion making.

The correspondence was light, McGeorge and Chauvin were explaining the difference in premiums quoted the council for working-men's insurance, by local agents and the head offices of the company. It was pointed out that one of this insurance is accepted for less than one year hence the increase in rates from \$75 to \$245.

Mayor Armstrong of Edmonton requested the council to grant \$25 per month toward the salary of the Children's Aid Society superintendent, and \$100 per month from the Capital Council, to finance committee. A similar request was on hand from the Salvation Army headquarters.

BIG SCHEME FOR PUBLICITY FAILS

CALGARY HAD IT ALL FRAMED UP FOR ALLAN CUP BATTLE, BUT WAS JARRED SOMEWHAT IN ITS ASPIRATIONS WHEN INVESTIGATION REVEALED SEVERAL OF ITS MEMBERS WERE SLIGHTLY TAINTED WITH PROFESSIONALISM—ACTION OF TRUSTEES REVEALS FACT THAT MANY ARE WISE TO THE DEPLORABLE STATE OF AMATEURISM IN ALBERTA.

That it was upon information supplied by the Amateur Athletic Association of Alberta that the trustees of the Allan Cup turned down the challenge of the Calgary Athletic Club is the somewhat startling information secured by The Capital last night. That at the last minute, after holding a special meeting of the Board of Governors, a wire was sent to the aforesaid trustees informing them that for certain reasons the Calgary team was not eligible to compete for that trophy which is emblematic of the amateur championship of Canada is not generally known to followers of sport in Alberta. Such, however, is the case.

These events which lead up to the refusal of the challenge, which by honest sportsmen was considered a piece of impertinence, are now made public for the first time. The Calgary Athletic Club sent a challenge for the Allan Cup some considerable time before the season ended. That the challenge had been accepted by the trustees of the cup was published in certain alleged newspapers which are printed in Calgary and that it had been accepted was believed by all the fans. On the Saturday immediately following this reported acceptance the board of trustees of the Alberta Amateur Athletic Association held a special meeting. At that meeting nobody except the governors was present and

the business which was actually done at that meeting and the statements which were made by the different governors present will in all likelihood be a secret until the going rings the end of the play in the game of life. However, some of it has come to light. And some of it is merely well authenticated reports coming from outside sources. It is alleged that when the meeting convened certain governors had intended to make charges of professionalism against certain of the ringers who have played on the Calgary Athletic Club team throughout the latter part of the season. It is further alleged that when they had spoken of what they believed to be facts that the other members of the board decided the matter and they had failed to get sufficient evidence to convict some Edmonton men who are believed to have received money for defending the Fit Ringer Cup last year it would be very unlikely that they could succeed in getting the information which would prove this case. The aforesaid governors decided not to make the charges until a later date. But all the members of the board were convinced that the method by which these ringers were induced to play for the Calgary Club was not regular.

Therefore the Calgary Club was not eligible to play for the amateur championship of Canada. And therefore since the trustees, in their wisdom, had not seen fit to refuse the challenge or had not been wise enough to fathom the guileless depths of the Calgary schemers' plan to bring advertising or notoriety to their club, some action must be taken to prevent this valuable trophy coming into their possession illegally. Therefore a telegram was sent to the trustees of the Allan Cup. Inasmuch as the telegraph companies are not allowed to make public the contents of the wires which pass through their hands, what the trustees will, like their utterances at that memorable meeting, be unknown to any except themselves until the last home run is made in the ninth inning of the mortal game.

But it must have been one of two things. Or maybe both. Firstly, it may have been a message to the effect that the team was a composite aggregation, or, Secondly, it may have stated directly that certain players are ineligible to play for the cup, therefore the challenge should not be accepted. In any case the challenge was turned down as the result of that wire. But this is not the end of the case. An investigation as to the reason why these ringers played with Calgary is going to be made, and it is stated that certain players are ineligible to play for the cup, therefore the challenge should not be accepted. In any case the challenge was turned down as the result of that wire. But this is not the end of the case. An investigation as to the reason why these ringers played with Calgary is going to be made, and it is stated that certain players are ineligible to play for the cup, therefore the challenge should not be accepted. In any case the challenge was turned down as the result of that wire.

Amateur sport in the Province of Alberta has got into a deplorable condition. The insidious snitch of professionalism has crept into the parades of amateur clubs and the suspicion of things wrongful according to the code of the A.A.A. has arisen in the minds of anyone connected with athletics of any form in this province. Why this is the case appears to be unexplainable. Perhaps it is just the natural desire of young westerners to do as they bloody well please or perhaps it is merely the evidencing of the growing pains which a youthful association is feeling. In any case it must be dealt with and the governors of the amateur association are going to adopt drastic measures to put an end to the innumerable wrongs which have developed during the last few years which the association has existed.

ENTHUSIASTIC MEETING HELD AT Y. M. C. A. AND MAYOR IS HONORARY PRESIDENT

There will be nothing to it but the big shout for soccer in Edmonton the coming season. The meeting which took place last night at the Y.M.C.A. went about things in a business-like manner, will see to it that new grounds are secured and will encourage development of youngsters by the establishment of intermediate and Junior series. To provide against the "jumping" of players, it was arranged that men who sign with a club must remain with that organization for that season. The officers elected were:
Hon. Pres.—Mayor Armstrong.
President—J. W. Ward.
Vice-President—D. J. Smith.
Secretary-Treasurer—J. G. Armour.
Executive committee to be appointed from each club.
Delegates to the Provincial League meeting to be held in Edmonton on the morning of Easter Monday are Messrs. Glass and Short.

Besides D. J. Smith, vice-president, and secretary Armour, the following delegates were present, E. McNeil, Hubbard, T. Ferner and E. Road; Itald Railway; Wm. Hubland, Calles; Wm. Nole, S.O.E.; W. Glass and W. D. Turner, St. Georges; J. McSparran, Newwood; H. Cross, Swifts; Andrew Todd, Calles; W. A. Robinson, Swifts; S. W. Short, Y.M.C.A. The 101st and Strathcona were not represented.

LIVE BASEBALL GOSSIP

Chester Paxson, of Charlie Carr's Clevela team, is under arrest at Muncie, Ind., for operating a "blind tiger." Can I have some shooting on your farm?" asked the visitor. "By all means," responded the farmer, heartily. "There are two hedges in the barn, a sewing-machine agent at the kitchen door, and the Provincial Parliament candidate ringing the front door bell at this moment. Please go and shoot them all."

LITTLE DOING IN THE SQUARED CIRCLE
New York, March 8.—This week's publication of the entire season of the New York clubs not a single bout is listed that promises anything out of the ordinary. The Fairmont Club will start the ball rolling tomorrow night with a 10-round go between Hugo Kelly and Dave Smith. The Chicago middleweight is not the fighter he was a few years back, but he ought to be able to give a good account of himself with Smith. A livelier bout will probably be seen at Tron O'Rourke's club later in the week, when Pat Moore and Young Sammy Smith will mix it up for 10 rounds.

EARL PERCY SOME WALKER
To win a waker, Earl Percy, eldest son of the Duke of Northumberland, and an attaché to Earl Grey, walked all the way from Montreal to Ottawa on the tracks of the C.P.R. Earl Percy walked the 111 1-2 miles in three days, or at the rate of more than thirty-seven miles a day. The Earl was lightly attired, not even wearing an overcoat.

REAL ESTATE BULLETIN

There has been very little movement in business property today, although there has been some enquiry for Jasper Avenue.

In residential property, however, the movement has been brisk. Ingewood and Glenora being in strong demand, with a little Groat Estate.

Much of this is being resold at a good advance, the advent of the street railway being considered certain to materially enhance values in the spring.

ALBERTA PARK

As we have not sufficient time to devote to the sale of this suburb we have considered it better to place it in the hands of special selling agents and have appointed Messrs. Smith and Blakeney our agents therefor.

These gentlemen are attending exclusively to the advertising, showing and disposal of this property and we commend them to our clients.

SEE THEIR AD FOR PARTICULARS

Today's Offerings Business Properties

Lots on First Street in the vicinity of the market, from \$10,000 to \$15,000

An important double corner on Jasper Ave. \$85,000

NEWS OF THE CITY

The Caledonian Society will give a Cinerella dance in the Separate School Hall on Thursday evening, March 9th. Dancing will commence promptly at 8.30.

The Caledonian Society will hold a Cinerella Dance in the Separate School Hall on Thursday evening, March 9th, commencing at 8.30. Lynch's Orchestra will provide the music.

With a view to entering a more lucrative position, Glas McDonald, chief accountant at the telephone department, has resigned, and will be succeeded by H. G. Field, of the city auditor's staff.

Examination for discovery of the Aldermen of the city, in conjunction with the action of Gallacher vs. the Mayor and council and the City of Edmonton, will take place tomorrow morning. It was to have taken place this afternoon, but owing to the fact that O. M. Biggar, counsel for the plaintiff, will be engaged in the morning in the Supreme court, in the action of McDonald vs. Potter, the postponement has been agreed upon.

EDMONTON SKI ARTIST GOING TO PRINCE RUPERT.
Will Try to Cover Entire Distance of 600 Miles on Skis.

John A. Mikkelborg, of the Edmonton Skiing Club, has set himself the task of covering the 600 miles of plains and mountainous country intervening between the end of the steel on the G.T.P. west of this city and the line built east from Prince Rupert. Mr. Mikkelborg expects to travel 60 miles a day on the journey across the Rockies and is confidently expecting that he can cover the whole distance in a couple of weeks.

He does not regard the ascent of the Rocky mountains as by any means a too formidable task, and it is his intention to demonstrate that skis are not a luxury of sport, but also of the greatest utility in the traversing of great distances and the ascent of most of difficult grades.

Mr. Mikkelborg will take the G.T.P. to the river, travelling westward until he meets the end of the steel in British Columbia.

ENDORSE A.D. GOWAN

Monday night a meeting of the Riverdale League was held in the Riverdale schoolroom. The matter of better lighting, sidewalks and boulevarding were discussed to some length. During the evening Alderman Gowan gave an account of his stewardship which was well received by all present. A vote of confidence was given Mr. Gowan in the form that Riverdale endorses the attitude of Mr. Gowan in the present crisis and has every confidence in him. Chairman, Mr. Benham.

THE KISSING GIRL.

The Cort Theatre Company continues to be pelted with roasting compliments from jaded patiences in the playhouses for having "put over" a sensational success in "The Kissing Girl." Mr. Stange's and Mr. Von Tilzer's brotherless and showier-less romantic operetta. Why, there isn't a musical production of recent years of almost a generation, which has dared to fly so bravely in the face of tradition; not a one that has dared to refrain from aping, in one feature or another, the hackneyed methods and situations and tricks which were laugh-setting only because the playgoer must laugh, and in his almost pathetic desire for excuse to do so seized on the first pretext that offered. But in "The Kissing Girl" there is afforded that almost forgotten circumstance, "Reason." It provides the "same laugh" which phrase must be quoted as, in its rarity, it has almost died out, and the interwavings and death struggles of spinnings musical comedy, with its barking of a metronomic chorus and its snuffing of boiler feet. Rialto Theatre, March 9, 10 and 11.

MONTHLY REPORTS.

The commissioners have advised Superintendents McLean, Ormsby, and Beerwester that in future they will be required to submit monthly reports. Printed forms have been supplied the different departments and the first report will be submitted the first of next month. The reports will show the cost of operation and the revenue, both net and gross.

NEW EXHIBITION OFFICES.

The Edmonton Exhibition Association have secured new office premises on Second street, in the Johnston block, just south of the Thistle rink, where they have leased the entire ground floor of the block.

The offices are being removed from fees will give the directors considerably more room for their growing activities.

VOTING FOR UNIVERSITY SENATE ENDS TOMORROW.

Over 300 votes have been recorded with the registrar of the provincial university, on the election of ten members of the senate.

BUILDING PERMITS.

The building inspector has issued the following permits:
F. B. Mermann, motor shed, lot 58, blk 15, H.B.R., Fifteenth, \$160.
S. W. Sanderson, studio addition, lot 216, blk 1, H.B.R., First, \$150.
H. G. Pardon, stable, lot 8, blk 10, Groat, Twenty third, \$200.
O. Rivas, kitchen addition, lot 88, blk 15, H.B.R., Seventeenth, \$550.
P. Grisham, store, lot 218, blk 5, H.B.R., Sixth, \$500.

HORTICULTURAL OFFICERS ELECTED LAST NIGHT.

The annual meeting of the Edmonton Horticultural Society was held in the board of trade rooms last evening when the following officers were elected. President, John Baxter; vice-president, W. W. Howe, and G. B. Fraser; executive, Messrs. H. E. Speer, John Bible, J. Christie, E. W. Burley, J. Ruddle, S. Brown, S. Gullimore, Lee, and Graig; secretary-treasurer, W. M. C. Moore.

It was decided to hold the annual horticultural show in conjunction with the Edmonton exhibition in August, and to give that association all cooperation.

THE WEATHER.

Winnipeg, March 8. — Mild conditions have prevailed in the prairie provinces. Light snowfalls have occurred in Saskatchewan and Alberta, but places it has been cold during the night.

Forecast—Manitoba: — Mild today, Thursday, lower temperatures and light snow falls. Saskatchewan and Alberta—light local snow falls, but partly fair, with lower temperatures. Nelson, fair 31 20 38

"THE KISSING GIRL."

"The Kissing Girl," which is at the Empire on the 9th, 10th and 11th, is legitimately clever from its opening scene to the denouement in the rose garden. The dance finale of the second act, with dainty, dashing chorus setting and pace for the ponderous old brewer, played by Harry Herndon is full of dash and fun. The dance of Thos. Whiffen with the principal danseuse, is by far the cleverest pas de deux in some time. It is a combination of the Merry Widow whirl, with a touch of the Apache Dance and the piquancy of David's "La Charnesse" too and pirouette work.
